APPRECIATING THE LITTLE THINGS...

Sunlight, little colorful winged creatures, petals and leaves floating on the wind...

simple things that delight!

With hand drawn and watercolor painted elements, AERIAL is an enchanting collection that is teeming with vibrancy and life. My hope is that it brings you the visual breath of fresh air that it does for me.

AERIAL is comprised of 19 whimsical mix-and-match prints. A multitude of supporting quilt patterns, including my new line of WONDERGARDEN paper pieced ones offer great kitting options to you, the retailer and loads of sewing inspiration for your customers.
